PRESIDENT'S STATEMENT

Adesina ADEDAYO, mni, FCTI
15th President/Chairman of Council

1.0 Introductory Remarks

Professional Colleagues, Members of the press, distinguished ladies and gentlemen, it is with great honour that I welcome you all to the 31st Annual General Meeting (AGM) of our revered Institute. I am delighted to address you at this AGM, reflecting upon the accomplishments and progress of the Institute over the last presidential year.

I would like to express my gratitude to the Council and esteemed members of the Chartered Institute of Taxation of Nigeria (CITN) for the unflinching support in the course of the 15th Presidency. Your commitment and dedication to tax professionalism is the driving force behind the Institute's success today. Together, we have continued to raise the bar, striving for excellence in our knowledge, practice and ethical conduct.

I have the honour and pleasure to present to you the report of how the institute has fared within the last presidential year. However, before reviewing our performance, let me provide some context on the operating environment.

2.0 The Operating Environment

2.1 Global Economy Review and Outlook

The outlook of the domestic and global economy remains uncertain amid the heightened global recession risk. Undoubtedly, events in the period 2022 through the first quarter of 2023 had significant negative impact on the global economy. Particularly, the Russia-Ukraine conflict, rising inflationary pressure, tightening monetary policy stances by major central banks, the continuing impact of the Covid 19 pandemic as well as supply chain bottlenecks all took a heavy toll on the global economy.

In its latest World Economic Outlook, released on 30 January 2023, the International Monetary Fund predicted that the world would grow by 2.9% in 2023, below the 3.4% recorded in 2022.

In Africa, the lingering impact of the Pandemic and country-specific structural imbalances such as fiscal recklessness and debt sustainability concerns was worsened by the aggressive tilt of central banks which pushed most African economies to tipping points.

There have been various challenging macroeconomic factors in the continent, especially, Sub Saharan Africa (SSA). These include rapidly rising inflation, reducing household purchasing power and hurting industry. Also, currency weakness in many economies, including Ghana, Nigeria, South Africa and Kenya, increased import costs, adding to already rising price pressures. The combination of inflation and foreign exchange weakness triggered significant monetary tightening by central banks in Sub Sahara Africa markets. Currency weakness also created fiscal

President speech continuation

challenges as the burden of foreign debt repayments have risen.

2.2 Domestic Economy

Recall that the Nigerian economy recovered markedly in 2021 (up 3.4%) from the pandemic-induced strain of 2020 (-1.9%). This recovery continued as the Nigerian economy maintained a positive growth trend in 2022 through 2023, albeit at a slower pace than in 2021, since exiting recession in 2020. According to the National Bureau of Statistics (NBS), Gross Domestic Product (GDP) grew by 3.10 per cent in 2022, lower than the 3.40 per cent recorded in 2021. The NBS show that the nonoil sector, comprising Telecommunication, Trade, and Agriculture, which grew by 4.84 per cent, was the major driver of the positive growth recorded in 2022. The oil sector, on the other hand, contracted by 19.22 per cent, indicating a decrease of 10.92 percentage points relative to the 8.30 per cent recorded in 2021. The sector contributed 5.67 percent to the total real GDP in 2022, down from the 7.24 per cent recorded in 2021. Aggregate GDP stood at NGN199,336,043.78 million in nominal terms in 2022, higher than the NGN173,527,662.34 million recorded in 2021.

On fiscal performance in 2022, dismal revenue performance lingered due to public sector inefficiencies, structural bottlenecks, poor informal sector integration, industrial-scale oil theft and the tough business operating environment. The sustained revenue underperformance and ballooning expenditure profile of the Federal Government resulted in an aggressive debt build-up with critical implications for liquidity management (revenue-to-GDP 3.3%) and debt sustainability (total debt-to-GDP 35.2%). This necessitated the downgrade of the nation's credit rating deeper into the junk category (B-) by Fitch Ratings.

The foreign exchange market continued to experience pressure in 2022. This was largely due to the high demand for dollars, a rising global inflation rate, and a decline in forex inflow from foreign capital flows, remittances, and oil exports. As of December 2022, the exchange rate stood at ₦461.1/\$1 at the Investors' and Exporters' (I&E) Window, while banks continued to sell foreign currencies to retail customers following the ban of Bureau De Change (BDC) Operators by the CBN. To manage demand pressure and maintain exchange rate

stability, the CBN continued to implement its managed-floating exchange rate regime with regular interventions in the foreign exchange market. It is also worthy of mention that the CBN Naira Redesign policy had a significant impact on economic activities in the First Quarter of 2023.

Unemployment has been a major concern among Nigerians, especially its teeming population of young people. Nigeria's unemployment rate rose to 33.3 per cent in March 2022, translating to some 23.2 million people, the highest in at least 13 years and the second-highest rate in the world. In spite of these not-too-pleasant economic trends, we remain hopeful that with the right policies in place and implemented, the economy will witness improvement across all economic indices before the end of year 2023.

3.0 The Institute

In spite of various economic downturns, our institute has continued to gain traction in the drive to becoming one of the foremost professional institutions in Africa and beyond. It is gratifying to note that despite various challenges, the CITN has remained resilient and focused on its mission statement.

As a professional Institute, our views and opinions on tax matters remain widely respected and sought after by government and other stakeholders in the Nigerian tax system. CITN enjoyed stakeholder support and collaboration which affirms the recognition of the statutory role of the Institute in the Nigerian tax system.

4.0 Strategic Focus of the Presidential Year

Distinguished Members, ladies and gentlemen, the strategic focus of the 15th Presidency was laid out at the beginning of this administration and tagged "Developing the Tax Profession". The focal points of this administration under the strategic direction of the Plan were summarised to encompass: connecting with stakeholders; building administrative and technical capacity; as well as strategic communication. Our modest achievements over the last presidential year are as follows:

President speech continuation

4.1 Component One of Strategic Plan: Connecting with Stakeholders

4.1.1 Visit to the Executive Chairman of the Economic and Financial Crimes Commission (EFCC)
 In demonstrating our commitment to the fight against economic and financial crimes in the forms of tax evasion, we paid a courtesy visit to the Executive Chairman of the Economic and Financial Crimes Commission, Mr Adulrasheed Bawa, CFE, CAMS on Thursday, 9th February, 2023. Key highlights of the engagement include: Capacity building for cadets; Collaboration in the fight against Tax Fraud as a conduit for economic crime. Also, with reference to SCUMUL released registration guidelines for DFNI's wherein it was stated that ICAN/ ANAN/ACCA/CITN professional certificates constitute the professional requirements for tax advisory/consulting. We clarified and advocated that in line with the specific provisions of the CITN Charter, including the legislative framework, judicial pronouncements and the Memorandum of Understanding between the CITN, ICAN and ANAN, the relevant professional requirement here is the CITN Certification.

4.1.2 Visit to the Director General of the Nigerian Governor's Forum

The Institute and the Nigerian Governor's Forum also had a collaborative understanding following the visit made by the institute's delegation led by the 15th president on February 10, 2023. Areas of collaboration include: joint research on tax related issues in Nigeria; effective Information sharing; and to develop a working committee that will continually interface with State Governors on Tax Policies and Governance.

4.1.3 Visit to the Director General of the National Youth Service Corps

As a fallout of a courtesy visit to the Director General of the National Youth Service Corps on Tuesday, September 13, 2022, the Institute was listed among professional bodies making presentations during the NYSC orientation programmes for corps members. The Institute has engaged 3 (Three) Streams of Youth Corps members across the 6 Geo-Political Zones in Nigeria. This initiative resulted to over 4,000 Corp members showing interest in taxation while some have already registered for the exam.

President speech continuation

4.1.4 Visit to the Secretary General of Tertiary Education Trust Fund

The CITN is a knowledge based institution driven by research. Therefore, the visit to the Secretary General of TETFUND, Arc. Sonny Echono on November 29, 2022 had the objective of establishing a funding partnership for the Institute’s International Academic Conferences and various publications of the Institute as well as for capacity building for staff of the Fund.

4.1.5 Relationship with National, Regional and International Professional Bodies

The relationship with professional and regional bodies is increasingly being sustained. To strengthen partnership with neighboring countries, an Action Plan for specialised capacity building programmes for tax professionals in Africa is being developed by CITN and the Chartered Institute of Taxation Ghana (CITG). As a Member of the Nigerian-American Chambers of Commerce, the Institute was also represented at the 2022 Annual General Meeting of the Chamber where we exploited networking opportunities for the Institute.

Additionally, we strengthened our relationship with other professional bodies and have maintained cordial working relationship with these bodies particularly those under the auspices of the Association of Professional Bodies of Nigeria (APBN). It is worthy of mention that the 2nd CITN-ANAN Joint Council Retreat was held in Abuja on 22nd June 2022. At the retreat, Council Members of both institutes deliberated on strategies to improve standards for accounting and taxation professions in Nigeria.

4.1.6 Courtesy Visit by Special Control Unit on Money Laundering

On April 25 2023, the President was visited by the Special Control Unit on Money Laundering (SCUML). The purpose of the visit was to explore areas of possible collaboration between the two organisations. CITN was considered a critical stakeholder that could provide assistance to SCUML in its fight against financial crime and money laundering. A memorandum of understanding is already at advance stage in this regard.

4.1.7 Courtesy Visit by Association of Enterprise Risk Management Professionals

The Institute received a delegation from the Association of Enterprise Risk Management Professionals in April, 2023. The Institute and the Association have put in place an MOU on consistent Joint Publications and Retreats on Tax Risks Management and Tax Governance.

4.1.8 Memorandum of Understanding

In the course of this Presidential year, several MoUs have been signed between the Institute and strategic institutions. 4.2.6 Women inclusiveness

The Society of Women in Taxation (SWIT) since

inception in 2010 has projected positively the ideals of the Chartered Institute of Taxation of Nigeria (CITN), especially as it relates to women and taxation. Within this presidential year, seven SWIT Chapters were inaugurated. The Society has been making tremendous impacts through its various remarkable activities nationally and internationally. SWIT has also expanded to regional and international frontiers. The expansion of the SWIT has led to the regional recognition of the Brand by West Africa Union of Tax Institutes(WAUTI). This initiative which is called, SWIT West Africa has Nigeria as the Regional Chairperson.

4.2.7 The 22 Annual Dinner and Award Night

The CITN Annual Dinner and Awards Night is a major event of our beloved institute where all tax professionals and stakeholders converge in an informal setting to interact, share ideas and bond on a social level. The occasion is usually the final event where the Institute wrap up on activities in the course of the year, celebrate its successes, learn from its downturns and demonstrate professional love by dining together. The 2022 Annual Dinner and Award Night which was held at Victoria Island on Friday, November 25 reflected these and more. The Special Guest of Honour, for the event was, His Excellency, Mr Babajide Sanwo-Olu, the Executive Governor of Lagos State.

4.3.1 Defence of CITN Charter

The Institute continues to proactively defend its Charter by ensuring that the profession maintains its professionalism. We have ensured that in the continued quest for tax professionalism, we continue to strengthen our relationship with major stakeholders, such as the FIRS, JTB, APBN, ICAN, ANAN, ACCA including other professional bodies within the APBN. The leadership of the Institute remains resolute in the defence of its charter, which serves as the legal basis for its existence. The objective is to keep ensuring that the profession as well as the tax system is strengthened and not weakened. We continue to engage with the legislative arms towards achieving this objective.

4.3.2 Growth in Membership/Practitioners

The institute has grown appreciably during this presidential year. The Institute held two induction ceremonies, all in Lagos. 4.3.3 District Societies

The objective of this administration to strengthen the district societies has never been in doubt. The growth strategy of the Institute is anchored on the presumption that the strength of the Institute is dependent on the vibrancy of the district societies. As at date, the Institute is effective in virtually all the states. Katsina, Kubwa, and Jalingo were inaugurated during this presidential year. The remaining states for total coverage (Nasarawa, Borno and Jigawa) are presently at advanced stage in their preparation for inauguration.

The Institute is strengthening its project conceptualisation and documentation relating to the two locations of its land at Amoyo and Eyekorin in Ilorin, Kwara State. Also, the land allocation request from the Akwa Ibom State has been favorably treated. Likewise, efforts are ongoing relating to land allocations for the Northern Region of the Tax Academy. Katsina and Kebbi State Governments have both demonstrated commitment in this regard.

4.3.6 Improvement in the collection of subscription

During the period under review, the Institute is continually exploring ways to improve its subscription recovery mechanism. Some of the strategies are gradually yielding results. We intend to keep strategizing on how to improve this critical component of the balance sheet of the Institute.

4.3.7 Generational Impact

Turning to the future, I am excited by the potentials of the next generation of tax professionals, pivoted through the establishment of the Association of Nigerian Tax Students (ANTAS). The immense opportunities opened by our strategic investments in the Annual Tax Quiz competition as well as efforts at awakening the consciousness of the younger generation about taxation and fiscal policies is gradually paying off. The future of the tax profession belongs to them. This administration has seamlessly

integrated the full support of members by putting in place member-centric and stakeholder-support base for them.

4.4 Component Three of Plan: Effective Communication

4.4.1 CITN, Taxation and You

To bridge the gap in communication between Members and the Institute, the initiative of CITN, Taxation and You was launched in August 2022. EDUCATION COMMITTEE

At the commencement of the year under review, the Council of the Institute provided the Committee with Terms of Reference aimed at serving as guidelines for the operational activities of the Committee.

No doubt, the Terms of Reference gave a clear understanding of the modalities to adopt in organizing the Institute's Mandatory Professional Training Programme (MPTP) and the organization of in-house training programmes, including collaborative seminar/workshop programmes with third parties and other professional bodies.

WEBINAR MANDATORY PROFESSIONAL TRAINING PROGRAMME (MPTP)

BRAND AND CORPORATE DEVELOPMENT COMMITTEE

INTRODUCTION

The Branding and Corporate Development Committee of the Institute in the year under review vigorously pursued its mandate of managing and sustaining all-round improvement on the CITN brand equity and public image of the Institute through all available media. The Committee was also mandated to maintain a cordial relationship between the Institute and the media.

In the period under review, a lot was done to project the Institute as a brand of choice and explored avenues to enhance the image of the Institute. Significant steps were taken to enhance the logo of the Institute to reflect the trajectory of the CITN brand and to commission a brand campaign for increased visibility and brand appeal. This covered physical improvement to the Institute's logo, production of promotional items and souvenirs and media campaign to change the perception of the CITN brand by members and other stakeholders. Furthermore, Council has also made it a point of duty to be in the public eye always by utilizing our vantage role as the only Institute charged with regulating taxation profession in Nigeria. During this presidential year, CITN brands and activities of the Institute were adequately represented at various public functions as well as at the national and local levels.

Worthy of such giant strides to note is the Committee doggedness to the establishment of a symbiotic relationship between FIRS and CITN collaboration in promoting CITN brands through introduction of e-stamping, seal and digital signature for our practitioners.

REPRODUCTION OF NEW BRANDED LAPEL PINS

At the 175th Council meeting, the Council approved the reproduction of the branded lapel pins as follows.

1. Production of Lapel pins for Fellows and Associates that are of same size as the ones currently in use but with firmer magnet.
2. Production of Lapel pins that are same in size with the type the Institute currently have but with screw.
3. Produce Lapel pins that are the same in size as the type the Institute currently have but with pins.

The existing lapel pins in the store were given as souvenirs at the 25th Annual Tax Conference.

PRODUCTION OF SOUVENIRS

The Branding Committee worked out and facilitated the production of positive image building souvenirs materials.

The branded items include:

- a. CITN Customized Keyholder

Further Information

- Sensitization of District Society to replicate the same structure at the National level to make the District Societies more vibrant in their activities and processes.

- Ensuring that cordial relationship is established and sustained between the Institute and the stakeholders.

**WORK IN PROGRESS:
REVIEW OF THE CITN VISION & MISSION STATEMENT**

During the presidential year, the committee followed up with the approval from Council to make some changes to the Institute's VISION and MISSION STATEMENTS. This is being carried out to reflect on the Institute's historical position as well as on the contemporary need of the Institute to take full ownership of the Tax profession being the only body recognized and Chartered by Law in Nigeria. The Committee also proposed a TAX PLEDGE as its contribution to growth and avert generational challenge in the tax profession. Copies of these drafts will be submitted to the incoming Committee for completion and submission to Council.

REVIEW OF THE CITN ANTHEM

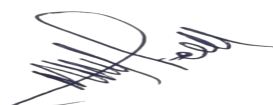

A review of the Institute anthem is ongoing and has almost reached a conclusive stage with amendments to the wordings and lyrics. This will also be submitted to the incoming Committee for completion and submission to Council.

RE-BRANDING OF THE CITN STUDIO AND RECEPTION

For effective communication of CITN brands to stakeholders through the media programme “CITN & YOU”, it becomes necessary for a studio to be branded for this purpose and other related activities, this is still in progress. A 3D View template has been presented to the Council for consideration to rebrand the Institute’s main entrance and 5th floor office receptions to meet up with standard brand expected of the Institute. It is expected that the incoming Committee will see to the conclusion of this important project.

PUBLICITY AND PUBLICATIONS COMMITTEE

The Committee ensured that the activities of the Institute were executed profusely, assiduously and glamorously and with the necessary publications and media coverage during the Presidential year.

Specific areas of achievements recorded are highlighted below:

1.0. PUBLICITY AND AWARENESS CREATION:

The Institute made significant breakthrough in its objective of promoting partnership with relevant government functionaries to project the relevance of CITN particularly on fiscal and economic policy matters as well as awareness on what the Institute stands for and the benefits of membership.

The cordial relationship created with the press was enhanced during the year under review and this resulted in the adequate coverage of all the Institute's events and programmes. Request for special interviews, including the CITN President's interview was made and granted to notable media houses such as Television Continental (TVC), Tax Matters, The Punch, The Nation, Leadership, BusinessDay to mention just a few. The Institute's presence in the press was notable in the Presidential year.

1.1. PRESIDENTIAL PRESS BRIEFING AND MEDIA WORKSHOP

The Committee organized the 3rd edition of the Presidential Press briefing and Media Workshop for Tax/Finance Reporters/Correspondents. The Interactive Media Workshop had seasoned facilitators who spoke on contemporary topics which broadened the basic knowledge of invited media professionals on Taxation, tax terminologies, Tax Administration, Tax Practice and Tax reporting for Media Practitioners. CITN CARES COMMITTEE

We are pleased as a committee to report the activities under our purview in the Presidential year 2022/2023:

Benevolent Fund

The prime objective of setting up the benevolent fund was essentially to serve as a welfare package for members and their dependants. This underscores the essence why members must be on good financial standing with the Institute before the funds can be accessed. To this end, the

Committee is saddled with the responsibility to examine and do thorough background checks before any financial disbursement can be made to a member or the dependant. At various CITN fora we always advise members to ensure that their payments of subscription are up to date for them to be relieved in cases of need, hardship and distress because no one can predict natural disaster or death which can easily interfere with smooth life. Despite of the magnitude of the advantages, we still have apathy towards subscription payments and this shouldn't be the case.

However, at the period of this review the Institute has disbursed the benevolent funds and medical bills to the late underlisted members' families:

S/No.	Name	M/No.	Medical bills	Death
1.	QUADRI RASAQ AKOREDE	23745		Benevolent fund paid
2.	OLUWASEYI OMONIYI	16110		Benevolent fund paid
3.	OGUNWOLE DAVID OLUSEGUN	21649	Medical Bills paid	Benevolent fund paid
4.	Pastor <u>Ukpe Isembe Udohette</u>	5243		Benevolent fund paid

Review of Members' Welfare Package

As part of measures to ensure improvement in members' welfare, Council approved the following;

1. Entitlement of financial members that have attained the age of 65 years from payment of subscription

Any financial member that is 65 years of age shall henceforth enjoy the following benefits:

- I. Waiver of Annual subscription
- II. 50% rebate in all Institute's fee-paying activities; and as well as

III. Having option to either attend the MPTP or not Provided that such member would have been registered as a member and paid subscription for a minimum of ten (10) years

2.2 MPTP bonus for financial through webinar platform every year

3. There would be discount for early subscriptions payments made on or before end 1st quarters of

CHARTER PROTECTION COMMITTEE

The Charter Protection Committee which was inaugurated as a standing Committee of Council during the 2021/2022 Presidential Year continued to perform its mandate as provided under the terms of reference defined by Council. The areas of progress during the reporting period are detailed below:

a. Defence of CITN Charter

There were several efforts to undermine the Institute’s Charter at the National Assembly during the reporting period. The Committee in conjunction with the leadership of the Institute galvanized needed support which had so far succeeded in curtailing such efforts. The Committee proffered several strategies for strengthening the Charter and followed through with the leadership for effective implementation. The overarching objective was to ensure that legislative action initiated to amend the Acts of some professional bodies did not infringe on the statutory provisions of the Institute’s Charter. The Committee remains committed to its mandate and will spare no efforts to achieve continued success in this regard.

b. Activation of efforts towards the immediate implementation of the Tripartite MoU that allows only members of CITN who are licensed tax practitioners to file tax returns on behalf of taxpayers for a fee

The Committee intensified efforts towards the implementation of the stamp and seal regime that allows only Chartered Tax Practitioners with the Institute’s Practising Licence to file tax returns on behalf of taxpayers for a fee.

Resulting from the efforts of the Committee, the following results were achieved:

- i. The Federal Inland Revenue Service (FIRS) issued a circular, No. 2022/17 on 27th July, 2022 on the subject of standardization of the mode of filing tax returns based on the MoU between CITN, Institute of Chartered Accountants of Nigeria (ICAN) and the Association of National Accountants of Nigeria (ANAN).
- ii. Internal Guidelines released by the FIRS on the implementation of the FIRS circular on 6th April, 2023. This effectively signaled the implementation of the stamp and seal regime by the FIRS.

With the above developments, efforts are underway to have same replicated across the various tax authorities in Nigeria. This is intended to enhance and fully professionalise the practice of taxation in Nigeria and give members needed prominence and economic empowerment.

INVESTIGATION PANEL

The Investigation Panel for the 2022/2023 Presidential year consists of 5(Five) Members including the Chairman. The Panel considered 3(cases) referred to the Panel from the office of the Registrar/Chief Executive during the year under review.

The Nature of the cases are being classified as follows:

- Breach of Fiduciary duty and Unethical Conduct – 2
- Obtaining the Sum of N5,000,000.00 under false Pretence- 1

Total=3

Closed Cases:

One case was dismissed following the demise of the petitioner.

Cases Slated for hearing:

Two Cases are slated for hearing at the next panel sitting.

Furthermore, In the Panel's deliberations, members took a look at the previous minutes of the meetings, especially as it affects the cases/petitions considered by the panel over time. Members observed that consideration of these petitions have not been very cogent for several reasons, one of which is the fact that most atimes the petitioners do not pursue and prosecute their petitions with the diligence required. In most of the cases they will abandon the petition or claim to be settling their differences out of the Panel's knowledge, even where the petition borders on allegation of misconduct. Members also observed that in most

of the cases the persons against whom the petitions are made never reply communications served on them by the panel or make any effort to clear their names against the petitions. The panel members generally agreed that all these are happening because the Panel has not made sufficient and effective standing orders that will ensure that those who will come before the Panel know how the Panel operates, get familiar with its operational rules and regulations, especially in relation to filing petitions and responding to those petitions. It was therefore agreed by the members that there was the urgent need for the Panel to review existing Standing Orders that will help address all the identified challenges. It was also agreed that these further reviewed standing orders will help the Panel run more smoothly, effectively, efficiently diligently and will serve as the rules guiding the Panel's sittings and proceedings which will in turn be binding on members whose petitions are brought before it.

CURRENT STATUS:

The Standing Orders have been established, approved by Council of the Institute and published for accessibility.

THE SECRETARIAT

It's a great privilege to stand before you as the 7th Registrar/Chief Executive of our great Institute and to present my first report of the Secretariat for the 2022/2023 Presidential year. I am happy to inform you that the year under review has been productive and the secretariat has proactively executed and implemented Council policies, decisions, and directives. In carrying out our roles as the administrative arm of the Institute, we upheld the core values of the Institute with STEP that is; quality Service, smart Teamwork, Excellent delivery, and Professionalism. We equally delivered our mandate with the highest standard of competence, effectiveness, efficiency and integrity in the overall interest of the Institute.

Manpower and Technological Development

As a value-driven organisation, the Secretariat embarked on extensive manpower and technological development targeted at enhancing the effectiveness of members of staff in the discharge of their duties. This is evident in the milestone's achievement by the Committees of Council as seen in their various reports to this AGM. To compete favourably within the industry, weekly (every Wednesday) soft-skill training was introduced for members of staff in the areas of Information Technology, Interpersonal Relationship, Accounting and Budgeting, Communication Skill and many more.

The Secretariat employed all the resources at its disposal to sustain its drive for income generation and its judicious utilization with greater zeal during the period under review and this resulted in financial surplus more than in previous years.

Secretariat Succession Plan

It is pertinent to also inform you that the succession plan and initiative of the leadership of the Institute was instrumental to the emergence and appointment of Dr. Lanre Olasunkanmi, FCTI as the 7th Registrar/Chief Executive upon the expiration of tenure and retirement of the Immediate Past Registrar/Chief Executive, Mr. Adefisayo Awogbade, FCTI who had meritoriously served the Institute for twelve years and according to the saying of the great management guru Peter Drucker "there's no success without a Successor".

Communication Channels

In a bid to keep members abreast of current happenings, the Secretariat intensified information dissemination through its various social media platforms (such as Facebook, Instagram, Twitter, LinkedIn, WhatsApp, and Telegram) as a model for publicity and publication to promote the Institute's brand. For our Members-in-Practice, please be informed that we have an active and dedicated WhatsApp platform for your networking and communication with the Secretariat. Also, we are currently working on a dedicated WhatsApp platform for members in the Academic and Tax Administrators. The only requirement for addition to these platforms is to be a financially up-to-date member with the Institute.

Furthermore, we have introduced an initiative known as CITN TAXATION & YOU which is geared towards exploring, x-raying and discussing technical and emerging issues in tax policy and administration in Nigeria and beyond. It also serves as an avenue for the projection of the

image of the Institute and its programmes. For the records, this programme has brought on board tax professionals who have distinguished themselves in the ever-dynamic field of Taxation. It is an interactive session and members are permitted to ask questions as well as share constructive ideas on tax and fiscal policy related matters.

Mandatory Professional Training Programme (MPTP)

Just as the name implies, it is compulsory for every member of the Institute to participate in the (MPTP) and other training programmes. This is to sharpen your technical skills and update your knowledge for the effective discharge of your professional services. Most of the MPTP topics are drafted bearing in mind practical and current issues within the Nigerian tax system that would be of immense benefit to members. It is no more news that the MPTP is virtually organized for ease of participation from anywhere across the globe.

Annual Subscription and Other Levies

Permit me to appreciate all members for their interest and commitment to the payment of their annual subscription and other levies. As we all know, the payment of subscription is crucial to the smooth running of the Secretariat as it enables it carry out its statutory obligation to members. Hence, its importance cannot be over-emphasised. It is worthy to remind you that annual subscription falls due on the 1st of January every year. We therefore, urge defaulting members to pay up as failure to do so would not only deny you of the invaluable privileges you will enjoy as members but may also lead to the imposition of sanctions; including, if the need arises, de-listing of your name from the membership register.

Relationship with District Societies and Database Integrity

The Secretariat maintained solid relationship with all district societies in the area of data and information sharing, programme support and many more. We understand the importance of database integrity, the Secretariat and the district societies have started database sanitizing for accuracy and decision making.

Appreciation

Without Further ado, our most profound appreciation goes out to the members of Exco and Council, the Body of Past President, all Chairmen of Committees and Deans of Faculties who have selflessly given their time, support and encouragement to the Secretariat during the year under review. Undoubtedly, the past year was a success story for our institute particularly in view of the various challenges that were surmounted during the year. The successes recorded cannot be divorced from the collective efforts of Council and all members of the various Committees and Faculties of Council.

I want to particularly thank all members of staff for their unwavering support to Council and Management of the Institute. I urge you to continue to be loyal and dedicated to your duties and always have the best interest of the Institute at heart.

Finally, I thank God, the giver of life and from whom every good and perfect gift proceeds. For without Him, we could not have achieved the milestone successes we achieved during the year under review. Thank you.

Registrar/Chief Executive

2.0 SUMMARY OF 2022 FINANCIAL STATEMENTS

The Institute ended the fiscal year with an operating surplus for the year of N75 million after impairment and amortization; this represents a decrease of 48.65% against the 2021 performance of N145 million.

The decline in surplus was a result of the Institute's anniversary after 40 years of its existence without direct inflows to cater for the associated expenditure. The Total Assets had an improvement from N1.82 billion to N1.97 billion between 2021 and 2022, respectively.

Analysis of Income and Expenditures

2.1 Financial Performance

Income: There was an increase in the total income of the Institute from N851 million in 2021 to N937 million in 2022, representing a 10.12% increase. Our Members' Fees increased marginally by N27.4 million from N292.2 million in 2021 to N319.6 million in 2022, while self-financing programmes increased by 40% (that is, from N261 million to N367 million) between 2021 and 2022, respectively. The major increase in self-financing programmes was the inclusion of one Mandatory

Training in the Annual Subscription of Members Students' Income decreased tremendously from N228.3 million in 2021 to N183 million in 2022, representing a 20% decrease. There was a sharp drop in revenue from the number of students who registered and sat for the examinations.

Professional practising stamps decreased from N2.6 million in 2021 to N2.0 million in 2022, representing a 24% decrease. The Personalized practicing Stamps that were issued in 2021 to practitioners will expire at the end of 2022.

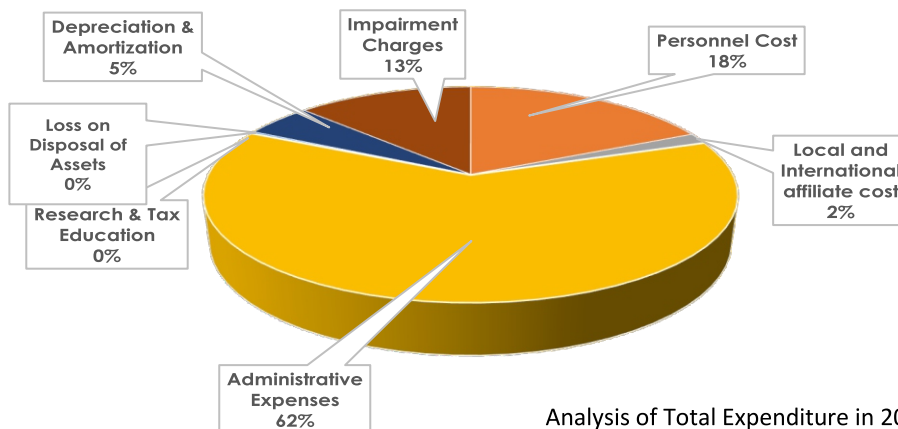

Analysis of Total Income in 2022 (%)

Income from Publications and CITN Fabrics increased a bit from N5 million to N5.2 million, while other Incomes dipped from N36 million to N24 million, representing a 33% decrease. The huge decrease was attributed to a low response from Revenue Boards for Annual Subvention and loss of Revenue on Rental Income from one of the institute's Tenants.

Treasury Bills and Fixed Deposits from N26 million in 2021 to N37 million in 2022, representing a 43% increase.

The Money Market experienced a massive turnaround that led to an increase in the Investment Income of

Expenditure: The total Expenditure for the year under review is N711 million while the comparative figure in 2021 was N564 million representing a 26% increase. Personnel costs rose from N145 million in 2021 to N157 million in 2022, representing an increase of 8%, which resulted from an increment in Staff Salary.

Analysis of Total Expenditure in 2022 (%)

Affiliate Costs increased from N11.8 million in 2021 to N13.4 million in 2022. Operational Expenses increased from N384 million in 2021 to N539 million in 2022, representing a 40% increase due to an increase in Flight allowance by 35% to adjust to the prevailing economic situation in Aviation.

Surplus: The Institute recorded an operating surplus of N74.5 million in 2022 against N145.2 million in 2021, representing a 49% decrease. The total comprehensive surplus decreased from N145.3 million to N74.1 million, representing a 49% decrease.

2.2 Financial Position

Assets: The Institute's Total Assets (both Current and Noncurrent) moved from N1.82 billion in 2021 to N1.97 billion in 2022, representing an increase of 8%. This is largely due to the Reconstruction of the Abuja Liaison Office.

Liabilities: The current liabilities rose from N199 million in 2021 to N275 million in 2022, representing a 38% increase. The increase was due to deferred income from Sponsors for the 2023 Annual Tax Conference, Rent received in advance from the new Tenant, and financial obligations to various Contractors towards the end of last year and these obligations were honoured within the first quarter of this year. It is also to note that our statutory obligations to various government agencies were keenly attended to.

Funds and Reserves: The Institute's Council introduced PhD Research Fund in the year under review to give financial support to any member of the Institute studying PhD. Taxation and conducting research in Taxation. 3% of the Annual Subscription is appropriated annually.

Building Fund depleted as a result of the ongoing reconstruction of the Abuja Liaison Office to a modern structure.

All the Funds are fully backed up by cash assets, except Accumulated Fund which is backed up by both cash and other assets. The essence of this approach is to ensure that our programmes can run as scheduled without hitches of cash availability

3.0 Appreciation and Conclusion

My limitless adoration is bestowed on Almighty God for making it easy throughout the year under review. My appreciation goes to the President/Chairman of the Council, Past Presidents, Council members, Committees and Faculties members, the Registrar/Chief Executive and the entire Management and Staff (most importantly, the Finance and Accounts Section) by ensuring that the financial controls including adherence to budgetary guidelines and activities reports were complied with.

I finally appreciate my professional colleagues whose wealth of experience and guidance assisted me in carrying out my responsibilities. It is worthy of honour to serve you as the Honorary Treasurer of the Institute for the 2022/2023 presidential Year.

Thank you, and God bless you all.

INDEPENDENT AUDITORS' REPORT
To the Members of the Chartered Institute of Taxation of Nigeria

Report on the Audit of the Financial Statements

Opinion

In our opinion, the accompanying Financial Statements give a True and Fair view of the Financial Position of the Institute as at 31 December, 2022 and of its Financial Performance and Cash flows for the year then ended in accordance with the International Financial Reporting Standards (IFRS), the Financial Reporting Council of Nigeria Act, 2011, and the requirements of the Chartered Institute of Taxation of Nigeria Act 76 of 1992 CAP C10, LFN 2004.

The Financial Statements of **The Chartered Institute of Taxation of Nigeria** ('The Institute') comprise of Statement of Financial Position as at 31 December 2022, the Statement of Income and Expenditure and Other Comprehensive Income, Statement of Changes in Members' Fund, Statement of Cash Flows for the year ended 31 December, 2022 and notes to the Financial Statements, including a Summary of significant accounting policies and other explanatory information.

Basis for Opinion

We conducted our Audit in accordance with International Standards on Auditing [ISAs]. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our Report.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the Financial Statements, and informing our opinion thereon, and we do not provide separate Opinion on this matter.

Membership receivables

The determination of the Impairment of Membership Receivables is of significance to the Audit due to the high level of and judgement inherent in estimating Impairment allowance based on key assumptions on the recoverability of the receivable balances.

The level of subjectivity inherent in estimating the Impairment allowance on Membership balances and the significant judgement involved make the impairment of Membership Receivables a matter of significance to the Audit process.

We have observed that Management needs to find a means of identifying Members who have

Info@ijewere.net
126 Lewis street
Itoya House
Obalende, Lagos

either willingly forfeited their Membership or have forfeited by reason of incapacitation or Death.

There is also the need for Management to gradually write-off the huge outstanding Membership receivables (debtors) in the financial statements and to a large extent, reduce yearly provisions to the barest minimum.

Independence

We are independent of the Institute in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants [IESBA Code], and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Financial Statements and Auditors' Report Thereon

The Council is responsible for the "Other information". The "Other information" comprises the President's Statement, Report of Committees and Faculties of Council, the Secretariat's Report, the Honorary Treasurer's Report, notice of meeting of the Annual General Meeting, list of Executive Members, the Institute's Management Team, Council Members and Officers included in the annual report, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the "other information" and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the "Other information" is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the "other information" obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this "other information", we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Council and those Charged with Governance for the Financial Statements

The Council and Management are responsible for the preparation and fair presentation of the financial statements that give a true and fair view in accordance with the International Financial Reporting Standards (IFRSs) and the Chartered Institute of Taxation of Nigeria Act 76 of 1992 CAP C10 LFN 2004 and for such internal control as the Council determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Info@jjewere.net
126 Lewis street
Itoya House
Obalende, Lagos

In preparing the financial statements, the Council is responsible for assessing the Institute's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to cease operations or has no realistic alternative but to do so, the Council is responsible for overseeing the Institute's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also have responsibilities to:

- * Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- * Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
- * Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council.
- * Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- * Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue

Info@ijewere.net
126 Lewis street
Itoya House
Obalende, Lagos

as a going concern. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause an entity to cease to continue as a going concern.

* Obtain sufficient appropriate audit evidence regarding the financial information of the entity's activities to express an opinion on the financial statements. We are responsible for the direction, supervision, and performance of the Audit. We remain solely responsible for our Audit Opinion.

We communicated to the Management and Council regarding, among other matters, the planned scope and timing of the Audit and any significant Audit findings, including significant deficiencies in Internal Control that we identified during our Audit.

Report on Other Legal Requirements

Compliance with the requirements of schedule 6 of the Companies and Allied Matters Act of Nigeria.

The Companies and Allied Matters Act, 2020 requires that in carrying out our audit we consider and report to you on the following matters. We confirm that:

- (i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our Audit.
- (ii) In our opinion, proper books of Account have been kept by the Institute; in so far as it appears from our Examination of those Books.
- (iii) The Institute's Statement of Financial Position and Statement of Income and Expenditure and Other Comprehensive Income agree with the books of Account.

4.2.1.1 Defined Contribution Plan

A defined Contribution Plan is a Pension Plan under which the Institute pays 10% of Employee monthly Emoluments into a separately administered Pension Fund Administrator (PFA). The Institute has no legal or constructive obligations to pay further contributions if the Fund does not hold sufficient Assets to pay all Employees the benefit relating to Employee Service in the current and prior periods.

4.3 Property, Plant and Equipment

Property, Plant and Equipment is stated at cost less Accumulated Depreciation and Accumulated Impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location necessary for it to be capable of operating in the manner intended by the Institute.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Institute and the cost of the item can be measured reliably.

Depreciation is provided on all Property, Plant and Equipment at rates calculated to write off the cost each asset on a straight line over its expected useful life. Certain major items of Property, Plant and Equipment are identified separately and are depreciated over their Individual estimated Economic lives.

The Impairment of Property, Plant and Equipment is considered annually or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable, and provisions are made where necessary. The depreciation rates are as follows.

Asset Class	Useful Life (Years)
. Freehold land	Nil
. Building	50
. Library Books	10
. Plant and Machinery	4
. Motor vehicles	4
. Furniture and Fittings	5
. Computer & Accessories	2
. Office Equipment	5

Certain Assets' residual values are assumed to be ten percent (10%), or the amount estimated by Council as the realistic estimate before the asset is disposed-of. Asset's Residual value, useful lives and depreciation method are reviewed on an annual basis and are adjusted when appropriated.

The Carrying Amount of an item of Property, Plant and Equipment is derecognized on disposal when no future economic benefits are expected from its use or disposal. The gains or losses on disposal arising from derecognition of an item of property, plant and equipment is included in the income & expenditure account. Gains and losses on disposals are determined by comparing proceeds with the Carrying Amount.

An Asset's Carrying Amount is Written down to its Recoverable Amount if the Asset's Carrying Amount is greater than its estimated Recoverable Amount.

Expenses on Repairs and Maintenance, for instance, day to day Service Costs and ongoing maintenance cost are recognized in Income and Expenditure Account immediately. Major Repairs and Overhaul Costs are capitalized if they will result in future Economic Benefits.

4.4 Intangible Assets

4.4.1 Purchased Intangible Assets – Computer Software

Intangible Assets are measured initially at cost and are amortized on a Straight- line basis over their useful lives. After initial recognition, intangible assets are carried at Cost less accumulated Amortization and accumulated Impairment losses. The average Amortization period is as follows:

- . Computer Software: 2 Years
- . Trademark and Logo: 5 Years

The residual value of intangible assets is assumed to be zero.

An asset's carrying amount is written down to its recoverable amount if the Asset's Carrying Amount is greater than its estimated Recoverable Amount.

4.4.2 Derecognition of Intangible Assets

An Intangible Asset is derecognized when no future Economic Benefits are expected from use.

4.5 Impairment of Tangible and Intangible Assets

Intangible Assets which are subject to Amortization are reviewed for Impairment whenever events or changes in circumstances indicate that the Carrying Value may not be Recoverable. An Impairment loss is recognized for the Amount by which the Assets' carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of Fair Value less Cost to Sell and Value in use. In assessing Value in use, the estimated future Cash flows are discounted to their Present Value using the Institute's effective cost of borrowing that reflects current market assessments of the time Value of money and the risks specific to the Asset for which the estimates of future Cash flows have not been adjusted.

If the recoverable Amount of an Asset is estimated to be less than it is Carrying Amount, the asset is reduced to its Recoverable Amount. An Impairment loss is recognized immediately in Income and Expenditure.

4.6 Inventories

Financial Assets are derecognized when and only when:

. The contractual rights to the Cash flows from the Financial Assets expire; or

The Institute transfers the Financial Assets, including substantially all the Risks and Rewards of Ownership of the Assets.

A Financial Liability is derecognized only when the liability is extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or has expired. The difference between the carrying amount of a Financial Liability (or part thereof) extinguished or transferred to another party and consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in income and expenditure.

When the assets are sold, the cumulative gains and losses previously recognized in other comprehensive income are reclassified through income and expenditure of the current period. When an impairment loss arises from fair value being below cost, this is recognized in Other comprehensive income. Dividends on financial assets fair value through OCI equity instruments are recognized in the income and expenditure when the Institute's right to receive the dividends is established.

Level 3: Valuation Techniques using Significant unobservable inputs: financial assets and liabilities are valued using valuation techniques where one or more significant inputs are unobservable. The best evidence of fair value is a quoted price in an active market. If the market for a financial asset or liability is not active; a valuation technique is used.

4.7.4 Financial Liabilities

Financial Liabilities are recognized initially at fair value, generally being their issue proceeds net of transaction cost incurred. Financial liabilities are subsequently stated at amortized cost and interest is recognized over the period of the borrowing using the effective interest method.

4.7.4.1 Payables and Other Payables

These are recognized at amortized cost.

4.7.6 Impairment of Financial Instruments

The Institute assesses at each reporting period whether a Financial Asset is impaired. Where a Financial Asset shows an indication of Impairment, it is tested to assess whether it should be specifically written down. If any such indication exists, the Recoverable Amount of the Asset is estimated to determine the extent of Impairment loss (if any), where it is not possible to estimate Recoverable Amount of individual Asset, the Institute estimates recoverable amount of cash generating unit to which the asset belongs. An Impairment loss is charged to the Statement of Income and Expenditure immediately, unless the Asset, at the reporting date the Institute assesses whether there is objective evidence, that the Financial Assets are impaired.

4.7.7 De-recognition of Financial Instruments
